

# Thank You for Your Recent Purchase and Important Information Enclosed

Hello 75nineteen Media,

I want to personally thank you for your recent purchase of Tetrogen and welcome you to our family.

I know your product has not yet arrived but we still want to help you get started immediately on the road to getting healthy and reaching your weight loss goals.

Below are two links to two free e-books that will help you start rebalancing your metabolic hormones which will ultimately help you burn fat faster and reach your target weight.

At Tetrogen, we firmly believe and all scientific research concludes that getting healthy first is the only true path to losing unwanted fat and keeping it off. Our [Wellness and Diet](#) center is loaded with over 150+ recipes, tips, and motivational blogs to help you along your journey.

Plus, please take a few minutes to watch our Welcome Video below as it includes 4 simple yet highly effective tips to help you reverse leptin resistance (the

underlying problem that caused you to gain weight in the first place and what is now blocking you from losing weight now).

Getting healthy is the only way to reach your weight loss goals. Unlike most supplements that tell you to lose weight in order to get healthy, Tetrogen is the only supplement providing scientifically backed information that leads to long-term, consistent weight loss.

If you focus on getting healthy and restoring your metabolic balance, the fat and weight will come off.

So please, watch the video below and learn why your weight loss journey will be successful with Tetrogen even if all else has failed.

Again, welcome to the family and please contact us at [info@tetrogen.com](mailto:info@tetrogen.com) if you have any questions or if you need any help along your journey.

To Your Long Term Health and Wellness,
